## Why Choose Hydromo?

**From individual solutions to integrated industry offerings, we bring the right expertise and systems together. We also offer dedicated Builders and Hospital Kits.**

### For MEPs - Specs & Integration Support

Technical specifications, system sizing and on-site coordination to ensure seamless integration from design to installation.

### For Builders - One Vendor. One Timeline.

Water, energy and utility solutions under one roof, simplifying vendor coordination across essential project requirements.

### For Architects - Systems That Adapt to Your Design

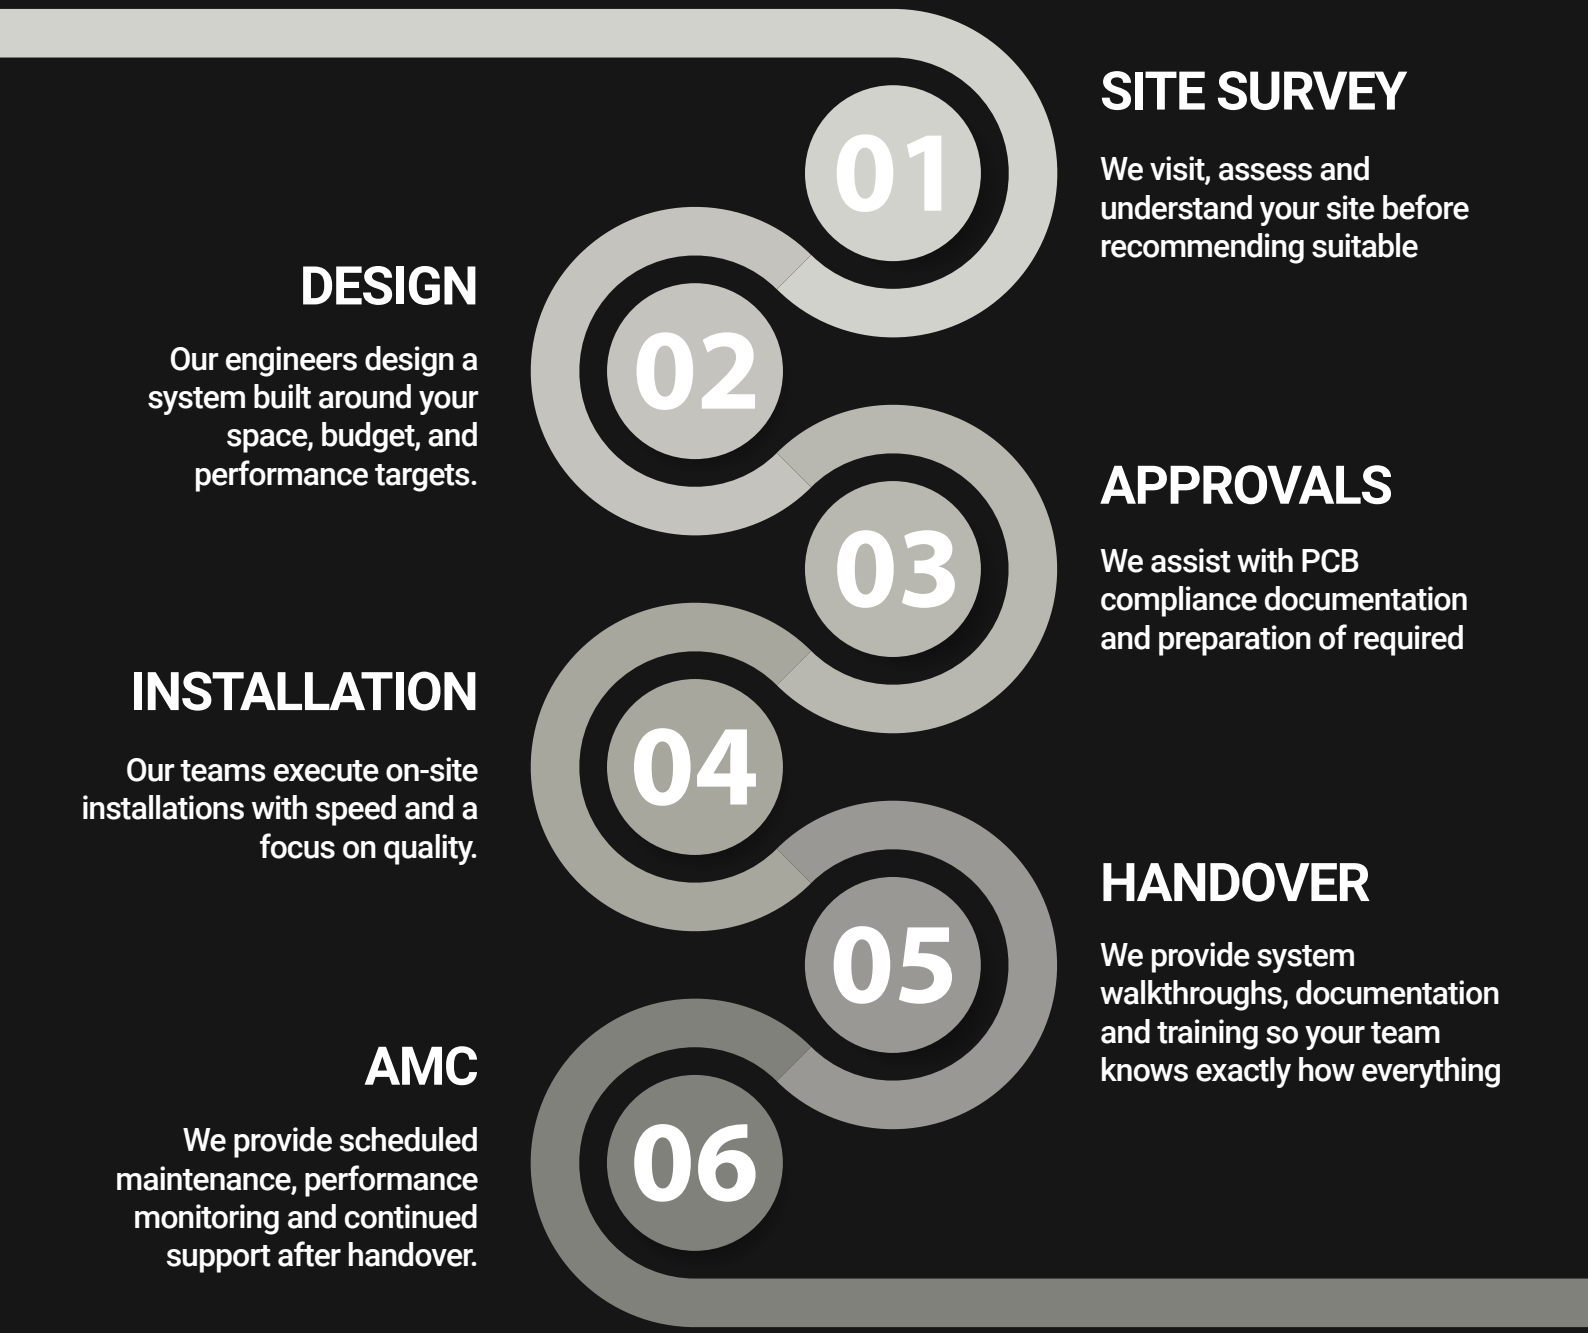

**Space-efficient and design-conscious systems tailored to architectural layouts, design requirements and available site conditions.**

### For Facility Owners & Operators - Compliance Without the Headache. Lower Opex Over Time.

From APPCB/TSPCB clearances to AMC contracts, Hydromo handles the obligations that come after handover. Our systems are designed to reduce your operational costs.

# Hydromo integrates with their workflow

## SITE SURVEY

We visit, assess and understand your site before recommending suitable

## DESIGN

Our engineers design a system built around your space, budget, and performance targets.

## APPROVALS

We assist with PCB compliance documentation and preparation of required

## INSTALLATION

Our teams execute on-site installations with speed and a focus on quality.

## HANDOVER

We provide system walkthroughs, documentation and training so your team knows exactly how everything

## AMC

We provide scheduled maintenance, performance monitoring and continued support after handover.

# WATER TREATMENT SOLUTIONS

### Water Treatment Plants

The 3-Stage Filtration Process.
Glass Media | Activated Carbon | Resin

### Reverse Osmosis

Removes dissolved salts and impurities to produce purified

### Dialysis

RO purification and polishing for dialysis water meeting

### Softeners

Remove water hardness and prevent scale buildup.

### Ultra Filtration

Removes suspended solids, turbidity and microorganisms.

### Desalination RO

Removes high levels of dissolved salts and impurities from high-TDS

### RO with Chillers

Purifies and chills water for temperature-sensitive applications.

## Last Quarter Highlights

NARAYANA MEDCITI — 75 KLD WTP

VARSHA MARINA — 60 KLD WTP

VIHAAN Children's Hospital — 20 KLD WTP

NCC — 6 KL DESALINATION RO

## AUTHORISED FOR

DUPONT FILMTEC™ MEMBRANES | VEOLIA | LG Chem | TORAY Innovation by Chemistry

# WASTEWATER MANAGEMENT SOLUTIONS

## Packaged STP

Compact sewage treatment systems for efficient water reuse.

## Traditional STP

Reliable sewage treatment for water reuse and disposal.

## ETP

Effective treatment solutions for industrial wastewater.

## Electro-coagulation

Advanced treatment for removing contaminants from wastewater.

## ZLD

Maximum water recovery with minimal liquid discharge.

## Last Quarter Highlights

# Hydromo's PMC Services

Your One-Stop Partner for Project Approvals, Compliance & Clearances in AP & Telangana

**Hydromo supports industrial and real estate projects through project liaisoning, stakeholder coordination and regulatory documentation assistance, helping simplify essential processes across AP and Telangana.**

## We Serve

### Industrial Projects

Manufacturing units, pharma plants, warehousing, food processing, and more.

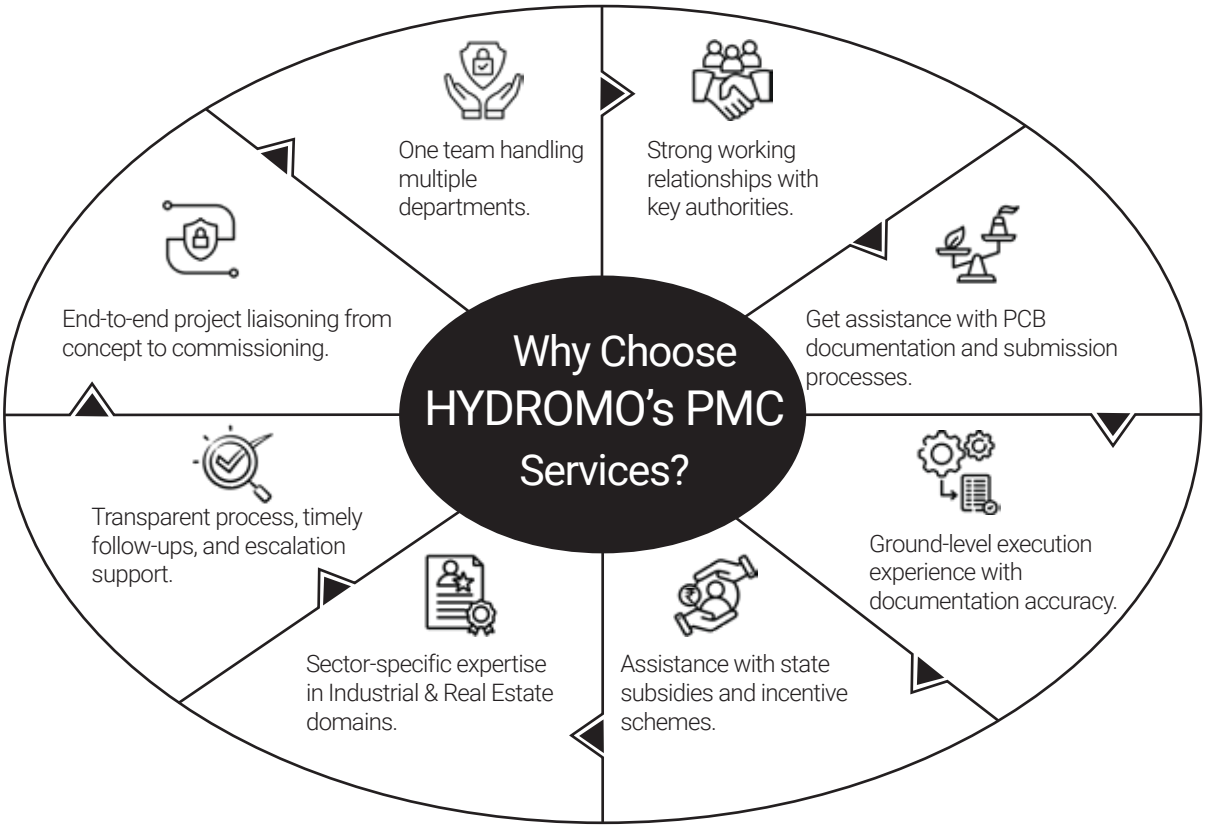

### Real Estate Projects

Residential townships, gated communities, commercial towers, resorts, and plotted layouts.

# PCB Compliance - A Critical Component

**Environmental compliance is no longer optional it's mandatory. Hydromo helps you comply with APPCB & TSPCB guidelines.**

**We ensure your project is environmentally responsible and future-ready.**

# UTILITY SOLUTIONS

Essential systems for safer, smarter and more efficient buildings.

## Lifts

Reliable vertical transportation solutions for residential and commercial spaces.

## Diesel Generators

Dependable backup power solutions for uninterrupted operations.

## Firefighting Solutions

Essential fire protection systems for building safety and preparedness.

## Swimming Pools

Complete pool systems designed for comfort, recreation and efficient operation.

## OUR TECHNOLOGY PARTNERS

INTEGRATED ENGINEERED SOLUTIONS

**A better building starts with better planning. Get the essential systems right before construction moves ahead.**

**EXPLORE THE HYDROMO PLAYBOOK**

## Purpose of Integrated Engineered Solutions

This integrated approach brings together water, wastewater, energy, pumping, and utility infrastructure into a unified planning strategy ensuring that every system functions in harmony with the overall project design.

## What You'll Learn

*STP Sizing and Planning*

*Solar Capacity Planning*

*Pump Room Planning*

*Diesel Generators Planning*

*Pool and Wellness Planning*

*Integrated Utility Planning*

CURATED SOLUTIONS

## Builders Kit

Empowering Builders with Smart Water & Energy Solutions

**Hydromo helps builders create efficient, sustainable and future-ready developments by bringing essential water treatment, energy and utility systems together under one roof.**

### OUR ESTEEMED CLIENTS

AURO REALTY | JRD Interiors India Private Limited | NAVAYUGA | MEENAKSHI GROUP | 01

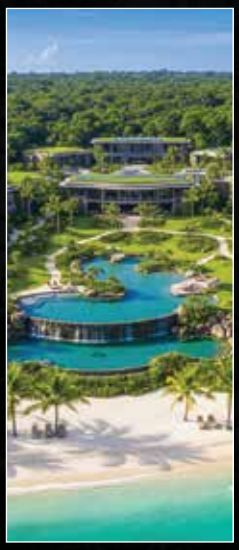

## *Hospital Kit*

Making Healthcare Facilities Future-Ready & Efficientwith Hydromo

Hospitals require reliable water quality and dependable utility systems for patient safety and operational efficiency. Hydromo brings together specialised water treatment, renewable energy and advanced pumping solutions tailored to healthcare needs.

### OUR ESTEEMED CLIENTS

ankura hospital for women & children | PRASAD HOSPITALS | KAMINENI HOSPITALS | NARAYANA MEDCITI | VIJAYA medical centre

## *Hospitality Kit*

Infrastructure that keeps hospitality seamless, silent, & guest-ready.

**Hydromo's Hospitality Kit brings together essential systems for hotels, resorts, breweries, pubs and farm stays. From water treatment and pumping to energy and pool solutions, it supports smooth operations and guest comfort.**

# HYDROEN

HydroEn is Hydromo's integrated solution range for modern villas, bringing water, energy and utility systems together.

## All-In-One Luxurious & Eco-Friendly Solutions for Villa Owners

## Why Should You Choose HydroEn?

### Convenient

Hydromo offers seamless water and energy solutions designed to enhance your villa luxuriously & sustainably, from start to finish.

### Advanced Technology

Leverage cutting-edge modern technologies for efficient, sustainable, and future-ready water and energy systems.

### Customised

Tailored solutions that align perfectly with your villa's size and financial

### One-stop solution

From water treatment to renewable energy, HydroEn is your one-stop destination for your Villa.

### Regular Maintenance

Comprehensive post-installation services, regular check-ups, and expert care to ensure the longevity and performance of your systems.

### Professional Support 24 X 7

Our team is always available to assist whenever you need us.

### Quick Installation

Quick delivery and setup to keep everything on schedule.

From premium water treatment solutions to energy-efficient systems, HydroEn has everything you need to elevate your villa, making it more luxurious and sustainable.
